HOUSING REHABILITATION ASSISTANCE PROGRAMS

PROGRAM PURPOSE

The City's Housing Rehabilitation Assistance Programs are designed to assist low- and moderate-income homeowners with making repairs to their homes. The City of Concord receives funds from the U.S. Department of Housing and Urban Development (HUD) on an annual basis to implement housing and community development activities within the City. Funding for the Substantial Rehabilitation Program is provided by the HOME Investment Partnerships Program and funding for the Emergency Rehabilitation Program is provided by the Community Development Block Grant (CDBG) Program.

SUBSTANTIAL REHABILITATION PROGRAM

Assistance through this program is available to low and moderate income homeowners whose homes are in sub-standard condition. All major housing code and structural issues are addressed. The applicant must own and reside in the home and meet HUD's income limits. The maximum assistance is based on HUD's maximum Post-Rehabilitation Property Value of \$306,000. If the cost of repairs and the mortgage balance exceeds the tax value, assistance cannot be provided. The homeowner may be required to repay 50% of the cost of repairs through a second mortgage, which is in the form of a low-interest or forgivable loan, based on the household's income level.

EMERGENCY REHABILITATION PROGRAM

This program provides funds up to \$15,000 to low- and moderate-income homeowners to address repairs that are urgent in nature and necessary to protect the health and/or safety of its occupants. Examples of items eligible for repair include, but are not limited to, repair or replacement of HVAC, roofing, plumbing and electrical systems. Funds will only address specific or emergency-related housing problems. Complete housing rehabilitation is not available through this program. The homeowner may be required to repay 50% of the cost of repairs through a second mortgage, which is in the form of a low-interest or forgivable loan, based on the household's income level.

ELIGIBLE PROPERTIES

In addition to qualify for the City's Housing Rehabilitation Programs, the properties must meet all of the following conditions to qualify for assistance:

- ◆ The home must be located within Concord's city limits.
- ◆ The home must be owned and occupied as the primary residence of the applicant and have clear and marketable title to the property. (Heir property and life estates are eligible for assistance through both programs, if recorded.)
- ◆ Single-family homes and manufactured homes are eligible for assistance, but the City also may approve mobile homes for assistance. Condos are not eligible for assistance through these Programs.
- ◆ The owner must be current with all City/County property taxes, utilities, and mortgages, or liens.
- ◆ The home must not have negative equity or exceed HUD's Post-Rehabilitation Property Value limits.

WHAT TYPE OF HOME REPAIR

ACTIVITIES ARE INELIGIBLE?

- ◆ Additions
- ◆ Cosmetic Work
- ◆ Replacement of Appliances

INCOME ELIGIBILITY

To be eligible for assistance through these programs, applicants must meet income requirements established by HUD (80% or below the area median income). Household income requirements are based upon household size.
