OTHER

Late Charge

A late charge of 1 ½ percent is charged on all unpaid balances. A late fee applies if payment is not paid by the 26th day, in accordance with City of Concord Policy.

Security Deposits

All hangar rentals are required to deposit an amount equal to one month's rental.

On Account (Monthly Fuel Billing)

All Customers wishing to bill fuel on account must sign a "Guarantee of Payment" and complete a "City of Concord Padgett Regional Airport Credit Application." Only those customers having satisfactory credit rating are allowed to bill fuel on account.

Partial Payment Application

Partial payments are applied first to the oldest invoices or any delinquent charges first, unless otherwise specified. Customer is responsible for remaining past due amounts and is subject to any liens or lease termination per Aircraft Storage Permit.

Check Cashing

- i: Checks are not accepted for accounts terminated due to non-payment and/or returned checks
- ii: No third-party checks will be cashed.

Returned Check Charge

There is a \$ 25.00 service charge for returned checks. It is the City of Concord's Policy to process Non-sufficient Funds (NSF) checks twice before being returned from the bank. If the City receives two (2) NSF checks in a sixty-day (60) period, accounts are placed on and marked "CASH-ONLY" for a one (1) year period. "CASH-ONLY" status is reviewed after one year.

Credit Card Processing Fee for customers will be 3% charge on total credit card receipts.

Electric

Please reference Chapter 59, Electric Systems and Services, Article II of the City's Code of Ordinances; Concord Technical Standards Manual, Chapter 6, and Customer Service Policies and Procedures for specific requirements, availability, and eligibility.

REBATES OFFERED

Residential High Efficiency Electric Heat Pump Rebate Program

The City offers a \$400.00 rebate to residential customers who install a new or replace an existing heating/air conditioning system with a high efficiency electric heat pump. For information on how to qualify for this rebate, contact the City's Electric Department at 704-920-5303.

RIDERS TO THE ELECTRIC RATES

The City Manager is authorized to approve periodic adjustments to the Purchase Power Adjustment, the Portfolio Standard Renewable Energy Rider, and the Renewable Energy Generation Rider when such adjustments are received from the City's wholesale energy provider(s).

Purchase Power Adjustment Rider

Availability: The City reserves the right to charge a Purchase Power Adjustment at such time as the average cost of purchased power to the City deviates from the base cost of purchased power used in the design of the City's rate schedules and/or rider. This rider applies across all rate categories.

Portfolio Standard Renewable Energy Rider (REPS)

Availability: Service supplies to the City's retail customers is subject to a REPS monthly charge applied to each customer agreement for service on a residential, general service, or industrial service rate schedule. This charge is adjusted annually, pursuant to N.C.G.S. § 62-133.8 and North Carolina Utilities Commission Rate R8-67. This Rider is applicable to all rate categories with exception to agreements for the City's outdoor lighting rate schedules OL, PL, or FL, and shall not apply to electric service(s) that are auxiliary to another contract between the City and the customer. An auxiliary service is defined as a non-demand metered non-residential service for the same customer at the same location.

The North Carolina Utilities Commission has ordered effective for service rendered on or after September 1, 2009 that a REPS Monthly charge be included in the customer's bill. The current rates are as follows:

REPS Monthly Charge

Residential Service Agreements	\$ 0.98
General Service Agreements	\$ 3.79
Industrial Service Agreements	\$ 15.21

Extra Facilities Charge Rider

Availability: This Rider is applicable to any electric service(s) requiring the installed cost of extra facilities necessary to provide electric services.

A monthly "Extra Facilities" charge equal to 1.7% of the installed cost of extra facilities necessary to provide electric service, but not less than \$ 25.00, shall be billed to the Customer in addition to the bill under the appropriate rate schedule and this Rider, when applicable.

Economic Development Rider

Availability: This Rider is available only at the option and approval by the City Manager to nonresidential establishments receiving service from the City under Schedules 5-G, 6-GA, 7-I, or TOU (as stated below). Customers must create a minimum new load of 300 kW with a load factor of 55% or greater at one delivery point.

Application of Credit: Beginning with the Operational Date, a credit based on the percentages below will be applied to the total bill for the New Load contracted for under this Rider, calculated on the applicable rate schedule, including the Basic Facilities, Demand Charge, Energy Charge, or Minimum Bill excluding other applicable Riders, and excluding extra Facilities Charges.

Months 01 - 12	20%
Months 13 - 24	15%
Months 25 - 36	10%
Months 37 - 48	5%
After Month 48	0%

Renewable Energy Generation Rider

Availability: Upon completion and the City's acceptance of an Interconnection Agreement and Purchase Power Agreement, this schedule is available for electrical energy supplied by Eligible Qualifying Facilities located in the City of Concord, North Carolina service territory which have non-hydroelectric qualifying facilities fueled by trash or methane derived from landfills, hog waste, poultry waste, solar, wind, and non-animal forms of biomass which are interconnected directly with the City's system and which are qualifying facilities as defined by the Federal Energy Regulatory Commission pursuant to Section 210 of the Public Utility Regulatory Policies Act of 1978.

Decorative Luminaires and/or Poles: The City has a defined selection of decorative luminaires and/or poles available. Decorative luminaires and/or poles can be installed upon customer request, at the City's option, at the basic rates plus an extra monthly decorative added charge equal to 1.4% of the installed cost difference between the luminaire and pole requested and the equivalent standard base rate luminaire and pole. The calculated monthly rate will be in effect for the life of the service.

Contract periods and terms for all luminaires/pole installations

- Three years for all luminaires designated as standard by the City and bracket mounted on standard poles.
- Ten years for all luminaires designated as decorative by the City and for all standard luminaires mounted on supports other than standard wooden poles.
- All luminaires, poles, apparatus, and associated wiring remain the property of the City during the lifetime of the contract and during any length of service after the contractual period. As defined in City ordinance, additional lights, cameras, wireless devices, and other customer owned apparatus are not permitted on City owned poles. If lighting service is terminated either by the City or the customer, the City will remove all its facilities from customer's property and return the items to City inventories. City installed luminaires and/or poles are not available for sale to any customer, either during or at the discontinuance of lighting service.

Personnel and Equipment Charges/Fees

Request for relocation of existing facilities or damage to existing facilities will be charged at the following rates:

- All personnel will be billed at salary cost including 32% benefits and overhead.
- All equipment will be billed at prevailing FEMA rates in effect at the time of work order completion.
- Engineering/Project Management costs for all jobs will be billed as a flat 10% of the project cost.
- Warehousing costs will be billed as a flat fee of 10% of all materials used in the project.

Traffic Signal Service

Availability: Available only to municipalities in which the City owns and operates the electric distribution system, and to county, state, and federal authorities in areas served by the City, for the energy requirements of traffic and safety signal systems.

NON-RESIDENTIAL RATES

Unless otherwise noted under each rate schedule, all categories under Non-Residential Rates are subject to a Billing Demand, a Minimum Bill requirement and a Power Factor Correction charge as outlined below:

Billing Demand: The Billing Demand each month shall be the largest of the following:

- The maximum integrated thirty-minute demand in the previous 12 months including the month for which the bill is rendered
- Fifty percent (50%) of the contract demand

Minimum Bill: The minimum bill shall be the bill calculated on the applicable rate including the Basic Facilities Charge, Demand Charge and Energy Charge, but the bill shall not be less than the amount determined as shown below according to the type of minimum selected by the City. Some rate schedules have different minimum bills, as noted below.

- Monthly - \$1.90 per kW per month of Contract Demand
If the customer's measured demand exceeds the contract demand, the City may, at any time establish the minimum based on the maximum integrated demand in the previous 12 months including the month for which the bill is rendered, instead of the contract demand.
- Annual - \$38.00 per kW per year of Contract Demand
The City may choose the Annual charge option if the customer's service is seasonal or erratic; or it may offer the customer a monthly minimum option. Unless otherwise specified in the contract, the billing procedure for annual minimums will be as follows:

For each month of the contract year when energy is used, a monthly bill will be calculated on the rate above.

For each month of the contract year when no energy is used, no monthly amount will be billed. The bill for the last month of the contract year will be determined as follows:

- If the total of the charges for 12 months exceeds the annual minimum, the last bill of the contract year will include only the charge for that month.
- If the total of the charges for 12 months is less than the annual minimum, the last bill of the contract year will include an amount necessary to satisfy the annual minimum.

Power Factor Correction: When the average monthly power factor of the Customer's power requirements is less than 85%, the City may correct the integrated demand in kilowatts for that month by multiplying by 85% and dividing by the average power factor percent for that month.

General Service 5-G

Availability: Available to contracting Customer(s) in a single enterprise, located entirely on a single, contiguous premise. This Schedule is not available to the individual customer that qualifies for a residential or industrial schedule, nor for auxiliary or breakdown service.

The rate is subject to Billing Demand, Minimum Bill, Power Factor Correction, Annual Demand Surcharge, and Rate Adjustment as outlined below.

The Billing Demand each month for this rate schedule shall be calculated by combining the following two Billing Demands: Economy and On-Peak.

The On-Peak Billing Demand each month shall be the largest of the following:

- The maximum integrated one-hour demand measured during the on-peak period during the month for which the bill is rendered.

The monthly Economy Demand shall be defined as the difference between the monthly off-peak demand and the monthly on-peak demand. The monthly Economy Demand shall not be less than zero. In the winter months where there is no peak demand charge, the charge for demand during these months will be at the economy demand rate.

Minimum Bill: The Minimum Bill shall be the bill calculated on the rate above, including the Basic Facilities Charge, Demand Charge and Energy Charge.

Power Factor Correction: When the average monthly power factor of the Customer's power requirements is less than 85 percent, the City may correct the integrated demand in kilowatts for that month by multiplying by 85 percent and dividing by the average power factor in percent for that month.

These situations are subject to Code Enforcement Action.

Note 4: Residents who place or leave their garbage containers and recycling containers on the street in violation of this policy shall receive a violation notice for the first and second offense within a one-year period. Third or future violations within one year will result in a \$25.00 civil penalty.

COMMERCIAL WASTE

This ordinance applies to all business, commercial, office, multi-family housing, industrial and institutional segments including schools, churches, day care centers, and non-profit organizations.

CITY COMMERCIAL ROLLOUT CUSTOMERS

Commercial Rollout Service	\$ 20.00 per cart per month
<ul style="list-style-type: none"> A. Service performed by the City's contract collector B. City to bill for carts on utility bills per city policy C. Rollout must be approved by Solid Waste Director D. Only City carts may be used 	

- E. Residential recycling rollout cart service is available to customers subscribing to City-provided Commercial Garbage Rollout Service. Limit of three (3) recycling carts per rollout subscription. If the customer needs more than three (3) carts, then the customer shall obtain the Solid Waste Director's approval. Any business can sign up for Rollout Recycling Service.
- F. Rollout Container left at curb after Collection Day \$ 25.00 civil penalty per 95 gallon cart
[see Note 4 under Code Enforcement Fees]

Qualifications for Commercial Rollout Cart Service: Commercial generators operating out of houses or storefront buildings may request rollout container service where dumpster service is not available or practical as determined by the Solid Waste Director. Each building is limited to a minimum number of rollout containers required to meet the waste generated by the commercial occupants in the building(s). Commercial generators in "strip malls" are required to use dumpster service and are encouraged to partner with adjacent commercial generators for the service. Other dumpster exceptions granted by the Director shall receive the number of rollout containers necessary for the waste stream generated. The City-established fee for Commercial Rollout container service shall apply and commercial generators will be billed by the City monthly as part of the City utility bill and will be billed for the number of carts in their possession, not the number collected. Billing shall be in accordance with the City utility billing and collection policy. Only City of Concord rollout containers are emptied. These containers remain the property of the City of Concord. City operated public-housing facilities may utilize rollout containers and per N.C.G.S. § 160A-314 (a2) a reduced Public Housing billed by the City for such low-income customers shall apply and is adjusted annually according to the Consumer Price Index (CPI).

~~CORRUGATED CARDBOARD (OCC) RECYCLING SERVICE~~

- ~~• The City collects corrugated cardboard free of charge from commercial generators, irrespective of quantity. Small volume generators are required to flatten corrugated cardboard and store it in a location accessible to collection crews for weekly collection. Large volume generators (4 CY per week flattened or greater) will be provided an 8 CY container(s) specifically designed for corrugated collection and weekly collection service. Commercial generators generating in excess of 24 CY per week, flattened, may be required to purchase or rent compaction equipment to facilitate collection efficiency.~~
- ~~• It is the commercial generator's responsibility to ensure that contamination of the corrugated containers is kept to a minimum. Repeated contamination problems can result in removal of the container or termination of service. The City will communicate repeated contamination problems to the affected generators.~~
- ~~• Neither the City, nor its contract collector for corrugated cardboard are responsible for any damages to pavement, structures or obstructions encountered during such collection except due to gross negligence.~~
- ~~• All OCC collection service will be on a set schedule. Any additional containers or pick-ups needed by the generator will require the generator to call the City's OCC collection contractor at that time. The additional containers or pick-ups shall be paid by the generator.~~

DUMPSTER SERVICE

- Commercial generators may contract directly with any waste hauler for service.
- Except as otherwise provided herein, all commercial generators shall utilize dumpster service for their waste.

DUMPSTER SERVICE EXCEPTIONS

- In the event a commercial generator cannot comply with dumpster service policies due to logistical items including but not limited to space or access limitations or other service-related factors, the Solid Waste Director or his/her delegate has the authority to grant exceptions for good cause shown. Such exceptions are subject to the limited rollout container policies below.

MULTI-FAMILY HOUSING SERVICE

- Multi-family residence is defined by any apartment or group of apartments, townhomes, or condominiums, having seven dwelling units or more. Developments including duplexes and/or other multiple dwelling units that take indirect access from a public right-of-way and collectively exceed 6 dwelling units total are classified as a

commercial multi-family development for waste disposal purposes regardless of the number of parcels occupied, the configuration of property or zoning lines, or the number of owners.

- Single-family residence is defined by any detached dwellings designed, permitted, and built as a single-family dwelling unit, mobile home, or duplex, triplex, or quadplex, apartment or group of apartments, or townhomes having 6 or less dwelling units, or any number of condominiums will be residentially served at no charge by the City and may use rollout carts.
- Developments with 7 or more units (e.g. apartment complexes) are required to utilize dumpsters (unless an exception is granted) and pay for container rental and waste disposal. Complexes are required to provide one 8 CY container per 25 units emptied twice per week. Alternatively, the owner may provide a recycling program equal to city residential curbside recycling program with sufficient tenant participation to reduce waste production to justify once per week servicing of each dumpster.
- Multi-family housing owners/managers may use any hauling firm. The Solid Waste Director or his/her delegate may grant dumpster exceptions in the event that logistical problems prevent dumpster service from occurring at any given multi-family housing location. Such exemptions shall be subject to the limited rollout container policy above.
- The City will provide information regarding the location of recycling drop off centers to multi-family housing complexes as well as technical assistance in implementing a multi-family recycling program at the complex. The cost to implement and maintain a Multi-Family Housing recycling program will be entirely the expense of the Multi-Family Housing Complex's owner/manager.
- Multi-Family Housing Complexes are considered commercial operations for the purpose of waste disposal and are responsible to arrange for and pay for disposal of all waste generated from these facilities. The City of Concord does not provide yard waste, bulky waste, building materials, garbage collection or disposal, or recycling services to these facilities.
- Bulky item pick-up service may be requested at Multi-Family Housing who have large items, such as large household appliances (white goods) and old furniture that are too large to be placed in a commercial container. This service is provided for a fee for the collection of up to five items or any portion thereof. Collection of Bulky Items must be scheduled through the Customer Care Center and payment must be received in advance.

CONDOMINIUMS

- Condominium service shall be considered residential service and provided at no cost by the City.
- All new condominium complexes to be constructed in the City of Concord shall be designed and built to allow the use of dumpsters, providing one 8 CY container per the equivalent of 25 two-bedroom units.
- Existing condominium complexes shall utilize dumpsters wherever logistically practical as determined by the Solid Waste Director or his/her delegate. Complexes designed and built in a "townhouse" style with detached units may be serviced using rollout carts if deemed practical to do so by the Solid Waste Director.
- City of Concord will pay for residential rollout or dumpster waste removal at condominium complexes.

Late Fee

A Utility late fee of 1 ½ percent will be charged on all unpaid balances. A late fee will apply if payment is not paid by the 26th day. New payment arrangements are subject to late fee.

Same Day Connection Fee

A connection fee will be charged for the same day service as follows:

Monday - Friday 8:00am - 3:00pm	No Charge
Monday - Friday 3:01pm - 5:00pm	\$ 100.00

*No regular connection after hours, on weekends, or holidays.

Note: Same day service will only apply to residential customers applying for new service or transferring service. Same day service is not available for meter sets.

Non-Payment Administration Fee

An Administration fee will be charged as follows:

Monday - Friday 8:00am - 4:00pm	\$ 50.00
Monday - Friday after 4:00pm, Weekends, and Holidays	\$ 100.00

Note: Once a customer has been placed on the cutoff list, administrative fees apply regardless of whether the customer has been disconnected.

Security Deposits

Commercial and Industrial customers who provide a letter of credit at the initial application for service will not be required to pay a deposit. However, if a letter of credit is not provided, a deposit equal to one month's average bill is required. Disconnection for non-payment will require a deposit equal to two months average bill for reconnection of services.

Commercial customers whose past due balance is greater than \$500.00 will be subject to the following:

Past due > \$ 500.00	Add \$ 50.00 to above stated deposit schedule
Past due > \$1,000.00	Add \$ 75.00 to above stated deposit schedule
Past due > \$2,000.00	Add \$100.00 to above stated deposit schedule

Residential customers who meet a satisfactory credit rating are not required to have a security deposit at time of initial service. Disconnection for non-payment, returned checks, or bankruptcy will subject customer to deposit schedule for reconnection of service. A credit letter will be accepted in lieu of a deposit.

Residential customers who fail to meet a satisfactory credit rating will be required to deposit the following if the customer's past due balance is less than \$200.00:

Water and/or Sewer service only	\$ 75.00
Water, Sewer and Electric	\$ 150.00

Residential customers whose past due balance is greater than \$200.00 will be subject to the following:

Past due > \$ 200.00	Add \$ 25.00 to above stated deposit schedule
Past due > \$ 500.00	Add \$ 55.00 to above stated deposit schedule
Past due > \$1,000.00	Add \$ 75.00 to above stated deposit schedule

Past due > \$2,000.00

Add \$100.00 to above stated deposit schedule

Returned Check Payment Charge

There will be a \$25.00 service charge for returned checks **payments**. Services are subject to disconnection for returned checks **payments**.

Partial Payment Application

Partial payments will be applied to services in the order of Stormwater, Commercial waste collection, Sewer, Water, and Electricity. Customer is responsible for remaining past due amounts and is subject to disconnection without further notice.

Check Cashing

Checks are not accepted for accounts disconnected due to non-payment and/or returned checks **payments**. No third-party checks will be cashed.

Involuntary Discontinuance of Service - Water and Sewer

In order to protect the City's water distribution and wastewater collection systems, to protect the consuming public, to prevent the dangerous and destructive practice of tampering with any water distribution or wastewater collection facilities of the City, the following penalties are hereby established:

- (1) Penalty of \$500.00 for altering, tampering with, removing, or replacing a City water meter. A fee of \$500.00 for jumping or by-passing of water meter.
- (2) All cases not covered by the specific situations as noted above, will be judged on an individual basis and treated accordingly.
- (3) In addition to the fees set forth above, the offending party shall pay all costs incurred by the City by reason of damage to its equipment.
- (4) In addition to the fees and costs provided in the above, such conduct described shall be subject to immediate disconnection of City water and/or sewer service if the offending party is a City water and/or sewer customer.
- (5) The penalties and costs herein provided shall be imposed by the Customer Service Manager, department(s) involved, or their designated agents.
- (6) When it becomes necessary for the City to discontinue services for any reasons listed in Section 4, *Discontinuing Services* of the City's Customer Service Policies and Procedures Manual, service will be restored after payment of (1) all past due bills due to the City, (2) any deposit as required, and (3) any material and labor costs incurred by the City, according to the current Fee Schedule. No meters will set in subdivision until all penalties and charges are paid.
- (7) Any person upon whom penalty and/or cost is imposed shall have the right of appeal from the action taken by the Customer Service Manager directly to the Finance Director.
- (8) Any person upon whom any penalty and/or cost are imposed shall have the right of appeal from the action taken by the Finance Director to the City Manager.
- (9) If it is determined that a residential customer is a first-time offender, the tampering charge may be reduced to \$100.00 plus the damages, usage, and reconnection fee.

Involuntary Discontinuance of Service (Meter Tampering) - Electric

In order to protect the City's electric distribution systems, to protect the consuming public, to prevent the theft of electric energy, and to prevent the dangerous and destructive practice of tampering with electric facilities of the City, the following fees are hereby established:

- (1) A penalty of \$50.00 for breaking, removing, or replacing a City electric meter seal or disconnecting or reconnecting City electric service for the purpose of working on the service without notice to and approval by the Customer Care Department. Any consumer who fails to have said service inspected by the County Electrical Inspector within a period of five (5) working days, or upon said inspection, such work as was done

should fail electrical inspection, shall be subject to immediate disconnection from the City electric system, and shall be liable to the City for all costs incurred during disconnection and reconnection of said service.

- (2) A penalty of \$500.00 for altering, tampering with, or removing or replacing a City electric meter for the purpose of obtaining service after service has been disconnected for non-payment of electric bills rendered.
- (3) A penalty of \$500.00 for straight wiring, jumping or by any other means obtaining electric service from an existing service pole or pedestal. A penalty of \$500.00 for altering the registration of an electric meter by use of any electronic or mechanical means or the obtaining of electric power by any means when said power is obtained by bypassing registration of the electric meter.
- (4) If metering equipment is damaged, it will be replaced or repaired according to the City's specifications. Any offending party whose electric service has been discontinued by the City pursuant to this section shall not be eligible for reconnection to the City's electric service either at the point of infringement or at any other locations on the City's electric system until the penalty imposed & all replacement/repair costs are paid in full.
- (5) If service has been disconnected from a power source for non-payment or meter tampering and the customer restores service on a non-protected circuit (i.e. mobile home pedestal, junction pedestal, transformer, etc), persons involved may face legal prosecution and penalties in the amount of \$500.00 will be required in addition to other tampering charges to reconnect service.
- (6) All cases not covered by the specific situations as noted above, will be judged on an individual basis and treated accordingly.
- (7) In addition to the penalties and cost provided in the above, such conduct described shall be subject to immediate disconnection of City electric service if the offending party is a City electric customer.
- (8) The penalties and costs herein provided shall be imposed by the Customer Service Manager or his/her designated agent.
- (9) Any person upon whom any penalties and/or costs are imposed shall have the right of appeal from the action taken by the Customer Service Manager directly to the Finance Director.
- (10) Any person upon whom any penalty and/or costs are imposed shall have the right of appeal from the action taken by the Finance Director to the City Manager.
- (11) If it is determined that a residential customer is a first-time offender, the tampering charge may be reduced to \$100 plus the damages, usage and reconnection fee.
