

# Southeastern Consulting Engineers, Inc.

## ADDENDUM NO. 1

Date: May 23, 2025

Project: City of Concord, North Carolina  
Steel Transmission Poles  
Bid No. 2679

Bid Opening: Time: 2:00 PM  
Date: June 12, 2025

Ladies and Gentlemen:

Please be advised that the Specifications for the above referenced project have been changed as noted below:

### Clarification to Specification:

- All steel transmission poles supplied for this project shall be manufactured in North America (United States, Canada, or Mexico). This requirement applies to the fabrication, assembly, and finishing processes of the poles. Bidders shall provide documentation certifying the country of origin for all steel transmission poles as part of the submittal process. Noncompliance with this requirement may result in rejection of the bid or supplied materials.

Please acknowledge your receipt of this Addendum by signing in the space below and submitting it with your proposal. Signature of acknowledgment is required for bid consideration.

Very truly yours,

SOUTHEASTERN CONSULTING ENGINEERS, INC.
