

FARMWOOD STORMWATER CULVERT REPLACEMENT

Addendum #1

November 30, 2023

1. Section VII indicates that the Standard Service Agreement is attached, but I did not see it in the RFQ. Can you please provide the document?

-The Standard Service Agreement has been uploaded as an attachment to the bid advertisement at: <https://concordnc.gov/Departments/Finance/Purchasing/RFPs-RFQs-and-Bids/active124>

2. Under section IV. Qualification Statement Deadline: it states in the first sentence the proposal is to be 10 single-sided pages. In the following sentence, it states that the submission shall be double-sided and stapled together. Will the proposal be 10 pages single-sided or 10 pages double-sided?

-5 double-sided pages or 10 single-sided pages

3. Is the City anticipating this to be an onsite detour or are they open to staged construction?

-We are open to either. As long as traffic is allowed through at all times

4. The Scope of Work stops after the bid phase. Does the City anticipate the Consultant doing the Construction Management?

-This will be decided at a later time
