

Hidden Pond

Pond Seating Project

Project Amount - \$3,407.00

Request \$1,700.00 matching grant funds to support the Pond Seating project. This project will include purchasing outdoor benches to be placed around the ponds in the Hidden Pond neighborhood. Neighborhood volunteers will assemble and secure the benches to provide places for neighbors to sit, socialize, and enjoy the ponds.

Funding Request- \$1,700.00

Winding Walk

Pet Stations and Benches

Project Amount - \$6,624.00

Request \$3,000.00 matching grant funds to support the installations of neighborhood pet stations to help keep the Winding Walk community clean and prevent soil and waterway contamination, and the spread of parasites and diseases. The project would also involve adding two benches to at a school bus stop to provide a place for children to safely wait away from the road. This environmental project will also improve the beautification of our neighborhood and involve homeowners by having a community dog walk once the pet stations are installed to bring the community together.

Funding Request- \$3,000

Covington

Playground Hip Share

Project Amount - \$18,738.68

Request \$3,000.00 matching grant funds to support the installation of a new hip shade over their existing playground equipment. Currently, with the summer heat and sun, the playground become too hot and deters families from taking advantage of the amenity. This project will keep the playground cool, safe and usable during the summer months and will benefit the Covington community.

Funding Request- \$3,000

Hampden Village

Playground Expansion

Project Amount - \$8,690

Request \$3,000 in matching grant funds to support the Hampden Village in their playground expansion project. They plan to add two benches, a three-belt swing set, a tot swing, and a fitness structure to their small, already existing playground. This request would address Hampden Village's need for more space for the neighborhood's children.

Funding Request- \$3,000

Residents of Historic Concord

DogiPots

Project Amount - \$1,937.90

Request \$970 in matching grant funds to support the installation of DogiPot stations outside of Right of Way areas in South Union Street. These stations would benefit the neighborhood by being placed in highly trafficked areas by preventing storm water contamination by proper disposal of dog waste. The stations will be installed and maintained by neighborhood volunteers and dues from the Residents of Historic Concord will help cover future material costs.

Funding Request- \$970

Moss Creek

Decorative Street Posts

Project Amount – \$7,451.65

Request \$2,850.00 in matching grant funds to support the replacement of existing steel street posts in Moss Creek Village with black decorative street posts. The decorative posts will make an impact on the first impression visitors have when visiting the neighborhood and will help beautify highly trafficked areas of the community.

Funding Request- \$2,850

Bedford Farms

Nature Walking Trail

Project Amount – \$10,500.00

Request \$2,830.00 in matching grant funds to support the Bedford Farms Nature Walking Trail Project. The goal of this project is to establish a nature walking trail in the common area of the Bedford Farms and connect different parts of the neighborhood. The trail project includes plans for gravel along the path, solar LED lighting, benches, and a bridge to cover a small lake within the trail.

Funding Request- \$2,830
