### Financial Policies

Late Charge	A late charge of 1 ½ percent is charged on all unpaid balances. A late fee applies if payment is not paid by the 26th day, in accordance with City of Concord Policy.
Security Deposits	All hangar rentals are required to deposit an amount equal to one month's rental.
On Account (Monthly Fuel Billing)	All Customers wishing to bill fuel on account must sign a "Guarantee of Payment" and complete a "City of Concord Padgett Regional Airport Credit Application." Only those customers having satisfactory credit rating are allowed to bill fuel on account.
Partial Payment Application	Partial payments are applied first to the oldest invoices or any delinquent charges first, unless otherwise specified. Customer is responsible for remaining past due amounts and is subject to any liens or lease termination per Aircraft Storage Permit.
Check Cashing	Checks are not accepted for accounts terminated due to non-payment and/or returned checks. No third-party checks will be cashed.
Returned Check Charge	There is a \$ 25.00 service charge for returned checks. It is the City of Concord's Policy to process Non-sufficient Funds (NSF) checks twice before being returned from the bank. If the City receives two (2) NSF checks in a sixty-day (60) period, accounts are placed on and marked "CASH-ONLY" for a one (1) year period. "CASH-ONLY" status is reviewed after one year.
Credit Card Processing Fees	Credit Card Processing Fee for customers will be 3% charged on total credit card receipts.

**Oversized Burial Vaults:** Oversized burial vaults containing oversized coffins require a minimum burial lot size of 5' x 10'. Burial lots measuring 4' x 10' will require the purchase of a second lot to accommodate an oversized vault containing an oversized coffin.

**Scheduling of Burials:** Burial or inurnment services are not available on Thanksgiving day, Christmas day, New Year's day or Easter Sunday as the Cemeteries will be closed in observance of the Holidays. Graveside services can be scheduled up to 3:00pm weekdays and 3:00pm on weekends and holidays.

**Lot Marking Timeframe:** All lots must be marked within a year from the date of burial.

# Electric

## Rebates Offered

### Residential High Efficiency Electric Heat Pump Rebate Program

The City offers a \$400.00 rebate to residential customers who install a new or replace an existing heating/air conditioning system with a high efficiency electric heat pump with a 16.0 SEER or 15.2 SEER2 of greater. For information on how to qualify for this rebate, contact the City's Electric Department at 704-920-5303.

## Riders to the Electric Rate

The City Manager is authorized to approve periodic adjustments to the Purchase Power Adjustment, the Renewable Energy and Energy Efficiency Portfolio Standard Rider (REPS), and the Renewable Energy Generation Rider when such adjustments are received from the City's wholesale energy provider(s).

### Purchase Power Adjustment Rider

The City reserves the right to charge a Purchase Power Adjustment at such time as the average cost of purchased power to the City deviates from the base cost of purchased power used in the design of the City's rate schedules and/or rider. This rider applies across all rate categories.

### Renewable Energy and Energy Efficiency Portfolio Standard Rider (REPS)

Service supplied to the City's retail customers is subject to a REPS monthly charge applied to each customer agreement for service on a residential, general service, or industrial service rate schedule. This charge is adjusted annually, pursuant to N.C.G.S. § 62-133.8 and North Carolina Utilities Commission Rate R8-67. This Rider is applicable to all rate categories with exception to agreements for the City's outdoor lighting rate schedules OL, PL, or FL, and shall not apply to electric service(s) that are auxiliary to another contract between the City and the customer. An auxiliary service is defined as a non-demand metered non-residential service for the same customer at the same location.

The North Carolina Utilities Commission has ordered effective for service rendered on or after September 1, 2009 that a REPS Monthly charge be included in the customer's bill. The current rates are as follows:

Residential Service Agreements	\$0.98	Per Month
General Service Agreements	\$3.79	Per Month
Industrial Service Agreements	\$15.21	Per Month

### Economic Development Rider

This Rider is available only at the option and approval by the City Council to nonresidential establishments receiving service from the City under Schedules 5-G, 6-GA, 7-I, or TOU.

This Rider is available for load associated with initial permanent service to new establishments, or new customers in existing establishments who make application to the City for Service under this Rider, and the City approves such application after 2003. The New Load applicable under this Rider must be a minimum of 300 KW with a load factor of 55% or greater at one delivery point. To qualify for Service under this rider, the customer must meet the qualifications under A. or B. below:

A. The Customer employ an additional workforce in the City's service area. Employment additions must occur following the City's approval for service under this Rider.

B. The Customer's New Load must result in capital investment. Provided that such investment is accompanied a net increase in full time equivalent employees employed by the customer in the City's service area. The capital investment must occur following the City's approval for service under this rider.

# Electric

## Application of Credit for the Economic Development Rider

Beginning with the Operational Date, a credit based on the percentages below will be applied to the total bill for the New Load contracted for under this Rider, calculated on the applicable rate schedule, including the Basic Facilities, Demand Charge, Energy Charge, or Minimum Bill excluding other applicable Riders, and excluding extra Facilities Charges.

- 20% - Months 1 - 12
- 15% - Months 13 - 24
- 10% - Months 25 - 36
- 5% - Months 37 - 48
- 0% - After Month 48

## Renewable Energy Generation Rider - 01

Upon completion and the City's acceptance of an Interconnection Agreement and Purchase Power Agreement, this schedule is available for electrical energy supplied by Eligible Qualifying Facilities located in the City of Concord, North Carolina service territory which have non-hydroelectric qualifying facilities fueled by trash or methane derived from landfills, hog waste, poultry waste, solar, wind, and non-animal forms of biomass which are interconnected directly with the City's system and which are qualifying facilities as defined by the Federal Energy Regulatory Commission pursuant to Section 210 of the Public Utility Regulatory Policies Act of 1978.

### Renewable Energy Generation Rider Rates<sup>1</sup>

Residential Rate Classes - Administrative Charge	\$18.00	Per Month
Commercial Rate Classes - Administrative Charge	\$49.00	Per Month
All kWh production	\$0.05943	Per kWh

<sup>1</sup> Unless otherwise specified in the City's contract with the Customer, payment of credits under this Schedule do not convey to the City the right to renewable energy credits (RECs) associated with the energy delivered to the City by the Customer.

## Renewable Energy Generator Application Fees

A non-refundable processing fee must accompany the Interconnection Request Application.

**Small Inverter Process:** A request to interconnect a certified inverter-based Generating Facility no larger than 20kW for residential and no larger than 100kW for non-residential.

Residential Small Inverter Application Fee	\$100.00	Per Application
Non-residential Small Inverter Application Fee	\$250.00	Per Application

**Fast Track Process:** A request to interconnect a certified Generating Facility no larger than 2 MW, which meets the Fast Track Process Criteria.

Generating Facilities Larger than 20kW but no larger than 100kW	\$250.00	Per Request
Generating Facilities Larger than 100kW but no larger than 2MW	\$500.00	Per Request

**Study Process:** A request to interconnect a certified Generating Facility that does not meet the criteria for the Fast Track Process or is larger than 2 MW. The City will provide an estimate of the Study Process Fees once it receives and reviews a completed Interconnection Request form.

Study Deposit	\$1,000.00	Per Study
Change in Ownership of a Renewable Generator		
Application Fee (non-refundable)	\$50.00	Per Application

# Electric

## Residential Rates

Unless otherwise noted under each rate schedule, all categories under Residential Rates are subject to a Purchase Power Adjustment and an Extra Facilities Charge as outlined below:

**Purchase Power Adjustment:** The City's Purchase Power Adjustment Rider is applicable to all service supplies under all rate schedules.

**Extra Facilities Charge:** A monthly "Extra Facilities Charge" equal to 1.7% of the installed cost of extra facilities necessary for service required under this schedule, but not less than \$25, shall be billed to the Customer in addition to the bill under the appropriate rate schedule, when applicable.

### Residential Service RS

**Availability:** This schedule is available only to customers dwelling in residences, condominiums, mobile homes, or individually metered apartments which provide independent and permanent facilities complete for living, sleeping, eating, cooking, and sanitation.

This schedule is also applicable to detached garages, barns, or other structures that are separately metered (require an auxiliary/secondary meter) and are primarily used for residential purposes. These structures are located on the same premise as the separate residential dwelling unit and may be served under this applicable Residential Service Schedule as of July 01, 2024.

The auxiliary/secondary meter is limited to a kilowatt demand of 15 kW or less:

- a) If demand exceeds 15 kW at least twice in any twelve (12) consecutive month period, the customer (auxiliary/secondary meter) will be moved to the applicable General Service schedule.
- b) If demand exceeds 30 kW at least once in any twelve (12) consecutive month period, the customer (auxiliary/secondary meter) will be moved to the applicable General Service schedule.

Basic Charges	\$18.00	Per Month
Energy Charge for the first 350 kWh	\$0.098053	Per kWh
Energy Charge for more than 350 kWh	\$0.098053	Per kWh

For customers receiving Supplemental Security Income (SSI) under the program administered by the Social Security Administration and who are blind, disabled, or 65 years of age or over, the rate for the first 350 kWh used per month shall be 8.3677¢ per kWh. The present maximum discount to customers being served under this provision is \$5.00 per month.

### Residential Service RE Electric Water Heating and Space Conditioning

**Availability:** Available only to customers dwelling in residences, condominiums, mobile homes, or individually metered apartments that provide independent and permanent facilities for living, sleeping, eating, cooking, and sanitation. In addition, all energy required for water heating, cooking, clothes drying, and environmental space conditioning must be supplied electrically, and all electric energy used in such dwelling must be recorded through a single meter.

For customers receiving Supplemental Security Income (SSI) under the program administered by the Social Security Administration and who are blind, disabled, or 65 years of age or over, the rate for the first 350 kWh used per month shall be 8.3677¢ per kWh. The present maximum discount to customers being served under this provision is \$5.00 per month.

### Residential Service Energy Star ES

**Availability:** Available only to customers dwelling in residences, condominiums, mobile homes, or individually metered apartments that provide independent and permanent facilities complete for living, sleeping, eating, cooking, and sanitation, and are certified to meet the standards of the Energy Star program of the United States Department of Energy and Environmental Protection Agency.

To qualify for service under this Schedule, compliance with the Energy Star standards must be verified by a third-party independent Home Energy Rating System (HERS) rater working for an approved HERS provider. See Chapter 59, Section 48 of the City Code of Ordinance for qualification guidelines.

## Electric

**Standard Rate:** The Standard rate below is applicable to residences where the Energy Star standards are met, irrespective of the source of energy used for water heating or environmental space conditioning.

Basic Facilities Charge	\$18.00	Per Month
Energy Charges for the first 350 kWh (July - October)	\$0.098053	Per kWh
Energy Charges for more than 350 kWh (July - October)	\$0.095770	Per kWh
Energy Charges for the first 350 kWh (November - June)	\$0.098053	Per kWh
Energy Charges for more than 350 kWh (November - June)	\$0.095770	Per kWh

**All-Electric Rate:** The All-Electric rate below is applicable to residences where the Energy Star standards are met and all energy required for all water heating, cooking, clothes drying, and environmental space conditioning is supplied electrically, except that which may be supplied by non-fossil sources such as solar.

1. Water heaters shall be of the automatic insulated storage type, of not less than 30-gallon capacity and may be equipped with only a lower element or with a lower element and an upper element.

2. Water heaters having only a lower element may have wattages up to but not exceeding the wattages shown below for various tank capacities.

Tank Capacity in Gallons	Maximum Single Element Wattage
30 – 49	4500
50 – 119	5500
120 and Larger	Special Approval

3. The total wattage of the elements in a water heater with a lower element and an upper element may not exceed the specific wattages above unless the water heater has interlocking thermostats to prevent simultaneous operation of the two elements such that the maximum wattage is not exceeded during operation.

Basic Facilities Charge	\$18.00	Per Month
Energy Charges for the first 350 kWh (July - October)	\$0.098053	Per kWh
Energy Charges for more than 350 kWh (July - October)	\$0.095770	Per kWh

### Traffic Signal Service

**Availability:** Available only to municipalities in which the City owns and operates the electric distribution system, and to county, state, and federal authorities in areas served by the City, for the energy requirements of traffic and safety signal systems.

Basic Facilities Charge	\$9.50	Per Month
First 50 kWh	\$0.182296	Per kWh
More than 50 kWh	\$0.083642	Per kWh

### Non-Residential Rates

Unless otherwise noted under each rate schedule, all categories under Non-Residential Rates are subject to a Billing Demand, a Minimum Bill requirement and a Power Factor Correction charge, a Purchase Power Adjustment and Extra Facilities Charge as outlined below:

**Billing Demand:** The Billing Demand each month shall be the largest of the following:

- The maximum integrated thirty-minute demand in the previous 12 months including the month for which the bill is rendered
- Fifty percent (50%) of the contract demand

**Minimum Bill:** The minimum bill shall be the bill calculated on the applicable rate including the Basic Facilities Charge, Demand Charge and Energy Charge, but the bill shall not be less than the amount determined as shown below according to the type of minimum selected by the City. Some rate schedules have different minimum bills, as noted below.

Monthly Minimum Bill	\$1.90	Per kWh per month of Contract Demand
----------------------	--------	--------------------------------------

If the customer's measured demand exceeds the contract demand, the City may, at any time establish the minimum based on the maximum integrated demand in the previous 12 months including the month for which the bill is rendered, instead of the contract demand.

Annual Minimum Bill	\$38.00	Per kWh per month of Contract Demand
---------------------	---------	--------------------------------------

The City may choose the Annual charge option if the customer's service is seasonal or erratic; or it may offer the customer a monthly minimum option. Unless otherwise specified in the contract, the billing procedure for annual minimums will be as follows: For each month of the contract year when energy is used, a monthly bill will be calculated on the rate above.

For each month of the contract year when no energy is used, no monthly amount will be billed. The bill for the last month of the contract year will be determined as follows:

- If the total of the charges for 12 months exceeds the annual minimum, the last bill of the contract year will include only the charge for that month.
- If the total of the charges for 12 months is less than the annual minimum, the last bill of the contract year will include an amount necessary to satisfy the annual minimum.

**Power Factor Correction:** When the average monthly power factor of the Customer's power requirements is less than 85%, the City may correct the integrated demand in kilowatts for that month by multiplying by 85% and dividing by the average power factor percent for that month.

**Purchase Power Adjustment:** The City's Purchase Power adjustment Rider is applicable to all service supplies under all rate schedules.

**Extra Facilities Charge:** A monthly "Extra Facilities Charge" equal to 1.7% of the installed cost of extra facilities necessary for service required under this schedule, but not less than \$25, shall be billed to the Customer in addition to the bill under the appropriate rate schedule, when applicable.

- Fifty percent (50%) of the Contract Demand.

### Building Construction Service 9-BC

**Availability:** Available only as temporary service to builders for use in construction of buildings or other establishments, which will receive, upon completion, permanent electric service from the City. This schedule is not available for permanent service to any building or other establishment, or for service to construction projects of types other than those described above. This Schedule is not available to owner-occupied dwellings. This Schedule is not available to rock crushers, asphalt plants, carnivals, fairs, or other non-permanent connections. Such service will be provided on the City's General Service Schedule.

Basic Facilities Charge	\$27.00	Per Month
First 50 kWh per month	\$0.100765	Per kWh
Over 50 kWh per month	\$0.081930	Per kWh

This rate is not subject to Billing Demand or Power Factor Correction. The Minimum Bill requirement is \$27.00 per month.

**Other Charges:** There will be no charge for connection and disconnection of the temporary service if the builder accepts delivery at a point where the City deems such delivery feasible; otherwise, there will be a charge as follows: Overhead service conductors, transformers, and line extensions as necessary to serve such requirements will be erected and dismantled at actual cost subject to credit for facilities which may remain in permanent service. The actual cost shall include payroll, transportation, and miscellaneous expense for both the erection and dismantling of the temporary facilities, plus cost of material used, less the salvage value of the material removed.

If the builder or sub contractors require additional temporary services at the same construction site, a charge, computed as in the foregoing, shall be made for each such service.

## Solid Waste & Recycling

**Note 1:** Second Chance Loose-leaf Collection Program provides a limited number of scheduled appointments available to Customers for \$75.00 to collect loose leaves placed at the curb after the end of loose-leaf season. These appointments are available on a first-come, first-served basis. Everyone else who places loose leaves to the curb will be required to bag their leaves or be subject to Code Enforcement action with removal fees beginning at \$100.

**Note 2:** Yard Waste Removal (where fees apply)/Code Enforcement Collection Fee applies to yard waste placed at the curb un-bagged (grass clippings, leaves after loose-leaf season has ended, etc.), improperly bagged yard waste (plastic bags, clear or any color), or trees, tree limbs, brush and other materials that exceed established limits for curb placement or have been cut or deposited by a commercial tree service, arborist or forester that are not to be collected by the City. These situations are subject to Code Enforcement Actions.

**Note 3:** Special Load Collection/Code Enforcement Cleanup Fee applies to bulky waste/building materials/large trash piles placed at curb that do not follow City guidelines or that exceed established limits for curb placement and do not utilize a roll-off container. Examples are loose material (clothes, insulation, or other building material, etc.) dropped at curb, failure to place materials in brown compostable yard waste bags or individually-owned containers, debris piles in excess of 4 CY or total volume of materials exceeding 10 CY size limit (10 rollout cart sized-pile). These situations are subject to Code Enforcement Action.

**Note 4:** Residents who place or leave their garbage containers and recycling containers on the street in violation of this policy shall receive a violation notice for the first and second offense within a one-year period. Third or future violations within one year will result in a \$25.00 civil penalty.

**Note 5:** Fee only applies when collection is not consistent with ordinance.

### Commercial Waste

This ordinance applies to all business, commercial, office, multi-family housing, industrial and institutional segments including schools, churches, day care centers, and non-profit organizations.

#### City Commercial Rollout Customers

Commercial Rollout Service	\$20.00	Per Month per Cart
<p>A. Service performed by the City's contract collector</p> <p>B. City to bill for carts on utility bills per city policy</p> <p>C. Rollout must be approved by Solid Waste Director</p> <p>D. Only City carts may be used</p> <p>E. Residential recycling rollout cart service is available to customers subscribing to City-provided Commercial Garbage Rollout Service. Limit of three (3) recycling carts per rollout subscription. If the customer needs more than three (3) carts, then the customer shall obtain the Solid Waste Director's approval. Any business can sign up for Rollout Recycling Service.</p>		
Rollout Container left at curb after Collection Day <sup>4</sup>	\$25.00	Per 95 gallon cart

**Qualifications for Commercial Rollout Cart Service:** Commercial generators operating out of houses or storefront buildings may request rollout container service where dumpster service is not available or practical as determined by the Solid Waste Director. Each building is limited to a minimum number of rollout containers required to meet the waste generated by the commercial occupants in the building(s). Commercial generators in "strip malls" are required to use dumpster service and are encouraged to partner with adjacent commercial generators for the service. Other dumpster exceptions granted by the Director shall receive the number of rollout containers necessary for the waste stream generated. The City-established fee for Commercial Rollout container service shall apply and commercial generators will be billed by the City monthly as part of the City utility bill and will be billed for the number of carts in their possession, not the number collected. Billing shall be in accordance with the City utility billing and collection policy. Only City of Concord rollout containers are emptied. These containers remain the property of the City of Concord. City operated public-housing facilities may utilize rollout containers and per N.C.G.S. § 160A-314 (a2) a reduced Public Housing billed by the City for such low-income customers shall apply and is adjusted annually according to the Consumer Price Index (CPI).

## Solid Waste & Recycling

### Dumpster Service

- Commercial generators may contract directly with any waste hauler for service.
- Except as otherwise provided herein, all commercial generators shall utilize dumpster service for their waste.

**Dumpster Service Exceptions:** In the event a commercial generator cannot comply with dumpster service policies due to logistical items including but not limited to space or access limitations or other service-related factors, the Solid Waste Director or his/her delegate has the authority to grant exceptions for good cause shown. Such exceptions are subject to the limited rollout container policies below.

### Multi-Family Housing Service

1. Multi-family residence is defined by any apartment or group of apartments, townhomes, or condominiums, having seven dwelling units or more. Developments including duplexes and/or other multiple dwelling units that take indirect access from a public right-of-way and collectively exceed 6 dwelling units total are classified as a commercial multi-family development for waste disposal purposes regardless of the number of parcels occupied, the configuration of property or zoning lines, or the number of owners.
2. Single-family residence is defined by any detached dwellings designed, permitted, and built as a single-family dwelling unit, mobile home, or duplex, triplex, or quadplex, apartment or group of apartments, or townhomes having 6 or less dwelling units, or any number of condominiums will be residentially served at no charge by the City and may use rollout carts.
3. Developments with 7 or more units (e.g. apartment complexes) are required to utilize dumpsters (unless an exception is granted) and pay for container rental and waste disposal. Complexes are required to provide one 8 CY container per 25 units emptied twice per week. Alternatively, the owner may provide a recycling program equal to city residential curbside recycling program with sufficient tenant participation to reduce waste production to justify once per week servicing of each dumpster.
4. Multi-family housing owners/managers may use any hauling firm. The Solid Waste Director or his/her delegate may grant dumpster exceptions in the event that logistical problems prevent dumpster service from occurring at any given multi-family housing location. Such exemptions shall be subject to the limited rollout container policy above.
5. The City will provide information regarding the location of recycling drop off centers to multi-family housing complexes as well as technical assistance in implementing a multi-family recycling program at the complex. The cost to implement and maintain a Multi-Family Housing recycling program will be entirely the expense of the Multi-Family Housing Complex's owner/manager.
6. Multi-Family Housing Complexes are considered commercial operations for the purpose of waste disposal and are responsible to arrange for and pay for disposal of all waste generated from these facilities. The City of Concord does not provide yard waste, bulky waste, building materials, garbage collection or disposal, or recycling services to these facilities.
7. Bulky item pick-up service may be requested at Multi-Family Housing who have large items, such as large household appliances (white goods) and old furniture that are too large to be placed in a commercial container. This service is provided for a fee for the collection of up to five items or any portion thereof. Collection of Bulky Items must be scheduled through the Customer Care Center and payment must be received in advance.

### Condominiums

1. Condominium service shall be considered residential service and provided at no cost by the City.
2. All new condominium complexes to be constructed in the City of Concord shall be designed and built to allow the use of dumpsters, providing one 8 CY container per the equivalent of 25 two-bedroom units.
3. Existing condominium complexes shall utilize dumpsters wherever logistically practical as determined by the Solid Waste Director or his/her delegate. Complexes designed and built in a "townhouse" style with detached units may be serviced using rollout carts if deemed practical to do so by the Solid Waste Director.
4. City of Concord will pay for residential rollout or dumpster waste removal at condominium complexes.

# Utility Billing and Collections

## Including City Commercial Waste Collection Billing

**Late Fee:** A Utility late fee of 1 ½ percent will be charged on all unpaid balances. A late fee will apply if payment is not paid by the 26th day. New payment arrangements are subject to late fee.

### Same Day Connection Fee

Monday – Friday 8:00am – 3:00pm	No Charge	
Monday – Friday 3:01pm – 5:00pm	\$100.00	Per Connection

**Note:** No regular connection after hours, on weekends, or holidays. Same day service will only apply to residential customers applying for new service or transferring service. Same day service is not available for meter sets.

### Non-Payment Administration Fee

Monday – Friday 8:00am – 4:00pm	\$50.00	Per Occurrence
Monday – Friday after 4:00pm, Weekends, and Holidays	\$100.00	Per Occurrence

**Note:** Once a customer has been placed on the cutoff list, administrative fees apply regardless of whether the customer has been disconnected.

### Security Deposits

Commercial and Industrial customers who provide a letter of credit at the initial application for service will not be required to pay a deposit. However, if a letter of credit is not provided, a deposit equal to two months' average bill at the same address is required. Disconnection for non-payment will require a deposit equal to two months average bill for reconnection of services.

Residential customers who meet a satisfactory credit rating are not required to have a security deposit at time of initial service. Disconnection for non-payment, returned checks, or bankruptcy will subject customer to deposit schedule for reconnection of service. A credit letter will be accepted in lieu of a deposit.

Residential customers who fail to meet a satisfactory credit rating will be required to pay a deposit as follows:

Water service	\$75.00	Per Connection
Electric service	\$200.00	Per Connection
Sewer service	\$75.00	Per Connection

Any combination of utility services, deposit fees will be added together for the total deposit amount as stated above.

**Returned Payment Charge:** There will be a \$25.00 service charge for returned payments. Services are subject to disconnection for returned payments.

**Partial Payment Application:** Partial payments will be applied to services in the order of Stormwater, Commercial waste collection, Sewer, Water, and Electricity. Customer is responsible for remaining past due amounts and is subject to disconnection without further notice.

**Check Cashing:** Checks are not accepted for accounts disconnected due to non-payment and/or returned payments. No third-party checks will be cashed.

### Involuntary Discontinuance of Service – Water and Sewer

In order to protect the City's water distribution and wastewater collection systems, to protect the consuming public, to prevent the dangerous and destructive practice of tampering with any water distribution or wastewater collection facilities of the City, the following penalties are hereby established:

1. Penalty of \$500.00 for altering, tampering with, removing, or replacing a City water meter. A fee of \$500.00 for jumping or by-passing of water meter.
2. All cases not covered by the specific situations as noted above, will be judged on an individual basis and treated accordingly.
3. In addition to the fees set forth above, the offending party shall pay all costs incurred by the City by reason of damage to its equipment.
4. In addition to the fees and costs provided in the above, such conduct described shall be subject to immediate disconnection of City water and/or sewer service if the offending party is a City water and/or sewer customer.
5. The penalties and costs herein provided shall be imposed by the Customer Service Manager, department(s) involved, or their designated agents.

## Utility Billing and Collections

6. When it becomes necessary for the City to discontinue services for any reasons listed in Section 4, Discontinuing Services of the City's Customer Service Policies and Procedures Manual, service will be restored after payment of (1) all past due bills due to the City, (2) any deposit as required, and (3) any material and labor costs incurred by the City, according to the current Fee Schedule. No meters will set in subdivision until all penalties and charges are paid.
7. Any person upon whom penalty and/or cost is imposed shall have the right of appeal from the action taken by the Customer Service Manager directly to the Finance Director.
8. Any person upon whom any penalty and/or cost are imposed shall have the right of appeal from the action taken by the Finance Director to the City Manager.
9. If it is determined that a residential customer is a first-time offender, the tampering charge may be reduced to \$100.00 plus the damages, usage, and reconnection fee.

### Involuntary Discontinuance of Service (Meter Tampering) – Electric

In order to protect the City's electric distribution systems, to protect the consuming public, to prevent the theft of electric energy, and to prevent the dangerous and destructive practice of tampering with electric facilities of the City, the following fees are hereby established:

1. A penalty of \$50.00 for breaking, removing, or replacing a City electric meter seal or disconnecting or reconnecting City electric service for the purpose of working on the service without notice to and approval by the Customer Care Department. Any consumer who fails to have said service inspected by the County Electrical Inspector within a period of five (5) working days, or upon said inspection, such work as was done should fail electrical inspection, shall be subject to immediate disconnection from the City electric system, and shall be liable to the City for all costs incurred during disconnection and reconnection of said service.
2. A penalty of \$500.00 for altering, tampering with, or removing or replacing a City electric meter for the purpose of obtaining service after service has been disconnected for non-payment of electric bills rendered.
3. A penalty of \$500.00 for straight wiring, jumping or by any other means obtaining electric service from an existing service pole or pedestal. A penalty of \$500.00 for altering the registration of an electric meter by use of any electronic or mechanical means or the obtaining of electric power by any means when said power is obtained by bypassing registration of the electric meter.
4. If metering equipment is damaged, it will be replaced or repaired according to the City's specifications. Any offending party whose electric service has been discontinued by the City pursuant to this section shall not be eligible for reconnection to the City's electric service either at the point of infringement or at any other locations on the City's electric system until the penalty imposed & all replacement/repair costs are paid in full.
5. If service has been disconnected from a power source for non-payment or meter tampering and the customer restores service on a non-protected circuit (i.e. mobile home pedestal, junction pedestal, transformer, etc.), persons involved may face legal prosecution and penalties in the amount of \$500.00 will be required in addition to other tampering charges to reconnect service.
6. All cases not covered by the specific situations as noted above, will be judged on an individual basis and treated accordingly.
7. In addition to the penalties and cost provided in the above, such conduct described shall be subject to immediate disconnection of City electric service if the offending party is a City electric customer.
8. The penalties and costs herein provided shall be imposed by the Customer Service Manager or his/her designated agent.
9. Any person upon whom any penalties and/or costs are imposed shall have the right of appeal from the action taken by the Customer Service Manager directly to the Finance Director.
10. Any person upon whom any penalty and/or costs are imposed shall have the right of appeal from the action taken by the Finance Director to the City Manager.
11. If it is determined that a residential customer is a first-time offender, the tampering charge may be reduced to \$100 plus the damages, usage and reconnection fee.

## Temporary Fees

Town of Mount Pleasant Treated Water	\$4.60	Per 1,000 gallons
--------------------------------------	--------	-------------------

This fee was approved by City Council on August 14<sup>th</sup>, 2025, and is expected to remain in effect for approximately 60 days. This fee will be removed from the Fee Schedule upon completion of the maintenance to Mount Pleasant's water treatment system.

**E. Consider adopting a temporary water rate of \$4.60 per thousand gallons for treated water sales to the Town of Mt. Pleasant.**

The Town of Mt. Pleasant is currently purchasing treated water from the City of Concord during an extended maintenance outage of their water treatment system. There is not a contract rate for this water and usage would normally be billed the \$7.02 commercial outside city rate. In an effort to provide some temporary rate relief, we are recommending a rate of \$4.60 per thousand gallons for the duration of their project, expected to be approximately 60 days. The town uses approximately 200,000 gallons of water per day. The City does not normally provide daily water to the Town.

**Recommendation:** Motion to authorize the City to provide a temporary water rate of \$4.60 per thousand gallons of treated water for the duration of the maintenance outage project to the Town of Mt. Pleasant.
